The Housatonic Museum of Art (HMA) is home to one of the premier college art collections in the United States, offering Housatonic Community College (HCC) students and the community alike the opportunity to view works that span the history of art from the ancient to the contemporary. This permanent collection is on continuous display throughout the 300,000 square foot HCC campus facility, offering a rare opportunity for both art enthusiasts and casual observers to view and interact with the art on a daily basis.
